**International Code Council : 2006 International Wildland Urban Interface Code (International Code Council Series)** before purchasing it in order to gage whether or not it would be worth my time, and all praised 2006 International Wildland Urban Interface Code (International Code Council Series):

The 2006 International Wildland Urban Interface Code contains provisions addressing fire spread, accessibility, defensible space, water supply and more for buildings constructed near wildland areas.

About the AuthorICC is a leading organization dedicated to developing a single set of comprehensive, coordinated national model construction codes. To date, 48 U.S. states have adopted various international codes from ICC.
