The annually updated Federal Circuit Yearbook gives you a concise yet comprehensive account of the facts and the law of every patent decision published by the U.S. Court of Appeals for the Federal Circuit during the past year. Keeping specialized scientific and legal terminology to a minimum, the Yearbook's easy-to-read summaries include

expert commentary on the CAFC's legal analyses and decisions, as well as insight into the current thinking of the CAFC on pivotal patent issues.

"[Federal Circuit Yearbook is] an immense help to the patent or trade lawyer who wants up-to-date knowledge in a particular area of patent law, without wading through more voluminous and cumbersome treatises." --Michael A. Hertzberg, Howrey Simon, Washington, D.C.
