US Senate : 21st Century Postal Service Act of 2012 before purchasing it in order to gage whether or not it would be worth my time, and all praised 21st Century Postal Service Act of 2012:

S. 1789, the 21st Century Postal Service Act of 2012, seeks to strengthen the United States Postal Service (Postal Service or USPS) and preserve its unique role in the nations economy and infrastructure. The dramatic rise of electronic communication and the recent economic downturn have combined to imperil the viability of the Postal Service as it currently exists. S. 1789 is intended to put the Postal Service on a path toward sustainability. The bill would lessen some of the immediate financial pressure on the Postal Service, as well as establish a framework to

address some of the long-term challenges the Postal Service confronts.
