**Miranda Forsyth : A Bird That Flies with Two Wings: The Kastom and State Justice Systems in Vanuatu**  
before purchasing it in order to gage whether or not it would be worth my time, and all praised A Bird That Flies with  
Two Wings: The Kastom and State Justice Systems in Vanuatu:

This book investigates the problems and possibilities of plural legal orders through an in-depth study of the  
relationship between the state and customary justice systems in Vanuatu. It argues that there is a need to move away

from the current state-centric approach to law reform in the South Pacific region, and instead include all state and non-state legal orders in development strategies and dialogue. The book also presents a typology of models of engagement between state and non-state legal systems, and describes a process for analysing which of these models would be most advantageous for any country in the South Pacific region, and beyond.
