Kaminsky's Tour de Force Performance Leaves Us Wanting MoreBy Mr. CBeing a long time Alan Kaminsky groupie and self-described landlord, crime buff and NASCAR fan, I found Mr. Kaminsky's book to be both a fantastic and informative journey into the minds of property owners, victims, perverts, freaks, cat burglars and crime scene investigators. I have used the book as a practical and spiritual road map to assist me in the management and securement of my vast holdings. However, as much as the book gives, I feel that its glaring need has become even more apparent in the wake of the new age of terrorism. The book makes no mention of it and it is high time that the third edition, as anticipataed as the latest Harry Potter book, be written. Please Mr. Kaminsky, put pen to paper and give us more!Mr. C

This acclaimed book provides you with a practical guide to conducting all phases of a premises security lawsuit, as well as a ready reference for researching how these cases are decided by courts in all jurisdictions.
