The 2010 Republican Agenda : A Pledge to America before purchasing it in order to gage whether or not it would be worth my time, and all praised A Pledge to America:

0 of 0 people found the following review helpful. Preliminary reviewBy JudieThis is concise. If only everyone sticks to their point of view and has no changes to the final resolve. Too many concessions w/o notice to the consumer or voter in this case. Great to see conviction and a plan to get us out of this mess. Hope they listen to the tea party people however as they are the one's who got all this change to happen or begin to happen. We need a consensus w/ GOP and TEA PARTY as we go forward..You have to listen to them or you will be lost w/o our vote again, maybe forever this time.A Puerto Rican, a man in Puerto Rico once responded to me when I indicated that maybe his country had some corruption going that the USA had some of its own going..Point taken.. I want to return to my Ameica when I grew up walking wherever I wanted, whenever I wanted w/o fear.

With this document, we pledge to dedicate ourselves to the task of reconnecting our highest aspirations to the permanent truths of our founding by keeping faith with the values our nation was founded on, the principles we stand for, and the priorities of our people. This is our Pledge to America.
