**Barrister and Course Director of the Bar Professional Training Course at City Law School City University
London Stuart Sime : A Practical Approach to Civil Procedure, 19th Ed. (Practical Approach Series)** before purchasing it in order to gage whether or not it would be worth my time, and all praised A Practical Approach to Civil Procedure, 19th Ed. (Practical Approach Series):

Trusted by generations of students and litigators, A Practical Approach to Civil Procedure is the perfect guide through the complex procedural requirements employed in the civil courts. Written by an expert in the field and co-editor of

Blackstone's Civil Practice, the book provides a wide-ranging and detailed overview of the key statutory provisions, rules, practice directions, and case law which govern the various stages of a civil litigation claim, making it essential reading for students and newly-qualified litigators. Taking a thoroughly practical focus throughout, the book charts the progress of a typical civil litigation claim, from funding litigation and issuing and serving proceedings, through to trial, enforcement and appeal. Full coverage of alternative dispute resolution is also included. Relevant sample documentation is featured throughout and introduces the reader to the forms and documents which will be encountered in practice, while key point summaries featured at the end of chapters highlight the essential points covered. Updated annually, this nineteenth edition has been fully revised to incorporate coverage of ongoing changes in civil procedure, including developments to the rules and their impact on areas such as costs and funding. Online Resource Centre A range of web links to key related sources support students looking to read around the subject and develop their understanding.

About the Author Stuart Sime is a Barrister and Course Director of the BPTC at The City Law School, City University, London.
