Stephen G. Breyer, Richard B. Stewart, Cass R. Sunstein, Adrian Vermeule : Administrative Law and Regulatory Policy: Problems, Text, and Cases before purchasing it in order to gage whether or not it would be worth my time, and all praised Administrative Law and Regulatory Policy: Problems, Text, and Cases:

0 of 4 people found the following review helpful. Fast, perfect condition!By Little Girl BlueBook arrived fast, as promised, and was in terrific condition. Considering that this was the third time I have tried to buy the book on and the

only time I actually succeeded, I would always order from this seller.5 of 5 people found the following review helpful. Cuts the FatBy CustomerI've never written a review for a casebook, but I liked this one more than any other I've had in the last two and a half years of law school. I felt like the authors did a good job of editing the cases. They typically give a short synopsis of the facts and let you get right into the reasoning and holding of the case. I felt the notes were helpful. Not all of the notes are open-ended questions, they're a good mix of thought provoking questions, contradicting and supporting cases, and additional insight.0 of 1 people found the following review helpful. please update the bindingBy Annette Grant Cadyplease update the binding on this book for it is a hardback .
