From Government Printing Office : Afghanistan, Alone Unafraid before purchasing it in order to gauge whether or not it would be worth my time, and all praised Afghanistan, Alone Unafraid:

1 of 1 people found the following review helpful. Great photos and insights! By Bobbi I was pleasantly surprised by this tome, which was authored by a Marine Corps lieutenant who served in Afghanistan. Every page has a photo and many of the photos do a great job of capturing the people and the terrain! The text is informative -- I learned a lot about the country and the every day life of its people. "Afghanistan: Alone Unafraid" is definitely worth a look. 0 of 0 people found the following review helpful.
