**From Springer : Air Transport Law and Policy in the 1990s:Controlling the Boom (Proceedings of An International Symposium Held in Delft on 4 and 5 October 1990)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Air Transport Law and Policy in the 1990s:Controlling the Boom

(Proceedings of An International Symposium Held in Delft on 4 and 5 October 1990):

Air Transport Law and Policy in the 1990s is a collection of articles by distinguished experts in the field of international civil aviation, airport management and aircraft manufacturing. It gives an insight into the most topical developments related to the airline industry, environment and infrastructure, multilateral trends in international air transport and aircraft production, finance and airworthiness. The subjects concerned are dealt with from a policy, legal, economic and technical perspective and have as an objective to indicate trends for the next decade. Pablo Mendes de Leon is Director of the International Institute of Air and Space Law at Leiden University and a Board Member of the Netherlands Civil Aviation Foundation (Stichting Burgerluchtvaart). The Foundation has as its objective to promote the study of civil aviation from both a Dutch and an international perspective. Emilie Aberson is a member of the Legal Division of the Netherlands Department of Civil Aviation.
