**From Brand: American Bar Association : America Votes!: A Guide to Modern Election Law and Voting Rights** before purchasing it in order to gage whether or not it would be worth my time, and all praised America Votes!: A Guide to Modern Election Law and Voting Rights:

This book is a snapshot of America's voting and electoral practices, problems, and most current issues. The book addresses a variety of fundamental areas concerning election law from a federal perspective such as the Help America

Vote Act, lessons learned from the 2000 and 2004 presidential elections, voter identification, and demographic and statistical experts in election litigation, and more. It is a useful guide for lawyers as well as law school professors, election officials, state and local government personnel, and election workers.

"America Votes! is an important and timely contribution to the policy debates on voting rights and election reform. The volume is an outstanding collection whose multiple authors effectively blend theory and practice, and includes key topics that are often neglected in election law literature, including access for language minorities, voter identification, and registration and early voting reforms." -- Angelo Ancheta, Assistant Professor of Law, Santa Clara University "...the chapters in this manual should enlighten readers about the crucial topic of voting, which they may have thought they and all citizens knew about. If we value our Democracy, we must keep a close watch on the election process, and this manual will help us do just that." -- Armand Derfner, Derfner, Altman Wilbourn LLC "An impressive collection of authors, with a wide range of perspectives, has written on a variety of subjects of increasing importance in American elections - voting technology, new photo ID requirements for voting, the growing minority language voting population, the 2006 extension and amendment of the Voting Rights Act, election day registration, early voting, felon disfranchisement, voter protection, and much more." -- Laughlin McDonald, Director, ACLU Voting Rights Project
