Eric A. Chiappinelli : Cases and Materials on Business Entities [Connected Casebook] (Aspen Casebook)

before purchasing it in order to gage whether or not it would be worth my time, and all praised Cases and Materials on Business Entities [Connected Casebook] (Aspen Casebook):

RobbinI haven't finished reading through the text yet but as I'm going through it and making notes in the margins, I have to say: the paper quality is abhorrent. This is literally the word paper that could

possibly have been used for a law-school textbook. The pages bleed with highlighters and pens, it is too thin to write with a sharp pencil, and the cover is distinct from other kinds of Wolters Kluwer books. I will update this review as I finish the text. So far, I am not pleased with the publication of the text. 0 of 0 people found the following review helpful. Five Stars By Customerbest book ever....for Business Associations of course. 0 of 0 people found the following review helpful. Terrible book. By roadrunner This book is terrible. Concepts are poorly explained. The author does not do a good job helping readers decipher and learn the intricate language of business entities. It seems as though he is trying to make the material more difficult than it needs to be by poor explanation. Don't buy it!

Buy a new version of this Connected Casebook and receive ACCESS to the online e-book, practice questions from your favorite study aids, and an outline tool on CasebookConnect, the all in one learning solution for law school students. CasebookConnect offers you what you need most to be successful in your law school classes portability, meaningful feedback, and greater efficiency. Cases and Materials on Business Entities is intended for the basic course in Business Entities, encompasses corporations, agency, partnership, and LLCs. Its extended coverage of alternative business entities distinguishes it from the more limited corporations focused coverage of most business entities texts. The author includes elaborate problems designed to help the students become practice ready as well as enhanced coverage of LLCs and principal cases that were decided within the last 20 years. The recipient of numerous teaching awards and a former clerk at the California Supreme Court and the U.S. District court, Chiappinelli has taught, written, and practiced extensively in business entities, corporate law, securities regulation, and civil procedure. Features: New developments and cases Added emphasis on LLCs, which will be deeper and more up to date than other casebooks coverage Revised Chapter 14 (the Enron chapter) that includes TARP and other bailout provisions New in-depth problems created to help students develop practice-ready skills Updated, comprehensive Teachers Manual, with suggested syllabi, including suggestions for (a) using different casebooks and (b) variously focusing on all entities, some entities, and corporations alone; teaching notes and discussion pointers; additional problems. PowerPoint slides covering all principal cases are available from the author CasebookConnect features: ONLINE E-BOOK Law school comes with a lot of reading, so access your enhanced e-book anytime, anywhere to keep up with your coursework.
