**David Callies, Robert Freilich, Thomas Roberts : Cases and Materials on Land Use (American Casebook Series)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Cases and Materials on Land Use (American Casebook Series):

This sixth edition is a major update with new cases, notes, and commentary in all subjects, as well as an expansion to new areas of land use regulation that make the book more modern and comprehensive. New topics include global warming, greenhouse gas emissions, renewable solar and wind energy, rainwater capture and conservation, and green development standards. This edition also includes:A new section on zoning litigation covering ripeness, finality, and exhaustion of remedies; standing; statutes of limitations; and judicial reviewCommentary on intergovernmental

conflicts and judicial takings Enhanced coverage of modern state planning acts, types of plans, and cases on consistency
