**Roger LeRoy Miller : Cengage Advantage Books: Business Law Today, The Essentials: Text and Summarized Cases** before purchasing it in order to gage whether or not it would be worth my time, and all praised Cengage Advantage Books: Business Law Today, The Essentials: Text and Summarized Cases:

0 of 0 people found the following review helpful. A little bit or writing in the book. By Cody Waters I'm a Human Resource major. This is a a great introductory level book. Of course if your class requires this book then you won't care about how the book compliments the class. What you want to know is the condition. Overall it was in good condition. All of the pages were there and the book was structurally sound. The only gripe I have is that people wrote in this book quite a bit. Some of it didn't make any sense. It progressively became worse throughout the semester. Its not to bad where I couldn't read the book, but it was a little bit distracting sometimes. 0 of 0 people found the following review helpful. A book that anyone that doesn't want to lose in court, should buy. By Giovanni L. I had to purchase this book for a business law class that I took, I am glad that I have kept onto this book because there have been some times

when I really needed to look up some information about the legal processes involved in daily business operations. I was able to look back and refer to this book to answer some questions that I had, as well as going into detail and explaining the different legal business aspects that every business needs to learn how to deal with. 0 of 0 people found the following review helpful. When I found out I had to take business law I was kind of annoyed but it was my easiest book to read this ...By CharlieThis textbook is a lot easier to read and understand than I expected. When I found out I had to take business law I was kind of annoyed but it was my easiest book to read this semester! The examples are real world examples and you can even research the cases and get more information (I know I needed to for my assignments). I've definitely recommended this book for other friends who are taking this class with other professors and struggling. It's so much easier for them to understand!

Interesting, clear, and applied, BUSINESS LAW TODAY: THE ESSENTIALS is your concise guide to the law and what it means in the business world--from contracts and secured transactions to warranties and government regulations. Easy to understand with an engaging writing style that is matched by vibrant visuals, BUSINESS LAW TODAY includes coverage of contemporary topics that impact not only the business world, but your life such as identity theft. Fascinating features and intriguing cases highlight the material's practicality. The text's companion website includes resources to help you study, such as sample answers to selected end-of-chapter business scenarios and case problems (one per chapter) ; Internet exercises; and interactive quizzes for every chapter.
