**Larry K. Gaines, Roger LeRoy Miller : Cengage Advantage Books: Criminal Justice in Action: The Core (Thomson Advantage Books)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Cengage Advantage Books: Criminal Justice in Action: The Core (Thomson Advantage Books):

4 of 4 people found the following review helpful. Very informative and useful text book By OwlEyesArtAs text books go, this one by far has been the most useful for me. Not only is it well written and easy to read but this particular edition was loose-leafed, meaning, it's a set of loose pages that are hole punched for a binder. I did not realize this when I bought it or I might have never made the purchase- but let me tell you, I am glad I received this edition. because the pages are not bound, I have been able to pull out 1-2 chapters at a time for reading instead of carrying the whole book around. Also because this is the book used for CJ101 it covers a broad spectrum of topics within criminal justice which makes it a good source for research papers in other CJ classes. At first my main concern was not being

able to sell this book after the semester because it is not a bound book, but now it doesn't matter because I wish to keep it as an alternative source for future papers. As far as 101 books are concerned- and especially concerning the THE PRICE FOR THE HARD COVER EDITION OF THIS BOOK BEING OUT OF THIS WORLD- this cheaper loose leafed version was completely satisfactory and appeasing. Its a good buy. You will not be disappointed (just make sure youre getting the loose-leafed edition).0 of 0 people found the following review helpful. I loved taking this Criminal Justice classBy CandaceI loved taking this Criminal Justice class. I also enjoyed reading this book. Very easy to follow and made my online class super easy. Coming from a law enforcement family, I think this book is very informative and well written.1 of 1 people found the following review helpful. Pretty Cool TextbookBy NapalmBought this book for a criminal justice class. Overall, it's a pretty good book. What I like about it the most is its ability to spark discussion over topics mentioned in the book. It's even okay just to read. The layout is eye catching and even entertaining. It's not boring. It covers all kinds of different issues such as profiling, psychological disorders, family problems, and much more. I really liked this book, but I wouldn't have bought it if i didn't have to. Most of the information this book offers is available basically everywhere on the internet, etc. Not bad.

The Fourth Edition of CRIMINAL JUSTICE IN ACTION: THE CORE does, indeed, place you in the center of the action! You'll learn about the field's latest developments right out of today's news. You'll explore vivid real-life applications that clarify key criminal justice concepts. And you'll read about the many exciting new career opportunities that the field now offers. Every chapter in this book is a multimedia-linked study center, helping you to excel in the course.

"This is hands-down the most effective introductory text I have encountered, and my students love it. . . . It is the essential text for students who are being introduced to the field of criminal justice. Compressed, yet thorough, the text enabled me to address each area of the criminal justice system in a 16-week course. . . . My students enjoy the text because it is so accessible. They feel they are better able to master the material. . . . I do not have to use precious time in class reiterating the information contained in the chapters; rather, students are able to work through the subjects independently with the Web tools as a guide. . . . A very clearly written text." "Interesting, accurate and timely presentation of terrorism and cyber crime. . . . Good, simple explanation of the court systems and the courts, including the U.S. Supreme Court and judges. . . . Good comparison of federal criminal courts and military courts; today most of us have several military students and this is helpful in explaining the differences in the court systems." About the Author Larry Gaines is chair of his department and a longtime, well-known figure in the field, both as an educator and in law enforcement. Highly respected and well-liked in the discipline, he is also a former law enforcement officer whose experience has resulted in a book with powerful "cop appeal." Roger LeRoy Miller has served on the faculty of several respected universities, including the University of Washington, Clemson University, and the University of Miami School of Law. As a professor, he has taught intellectual property law and entertainment law, among other subjects. A widely published and respected author, his work has appeared in the Insurance Counsel Journal, Defense Research, California Trial Lawyers Journal, Antitrust Bulletin, Wisconsin Law , and Connecticut Law . He has authored or co-authored numerous authoritative textbooks on law, including BUSINESS LAW: TEXT CASES; BUSINESS LAW TODAY: TEXT SUMMARIZED CASES; and THE LEGAL ENVIRONMENT TODAY. Professor Miller completed his studies at the University of California at Berkeley and University of Chicago.
