Larry a. Berglas : Civil Law in America: A Minimalist Law Book before purchasing it in order to gage whether or not it would be worth my time, and all praised Civil Law in America: A Minimalist Law Book:

0 of 0 people found the following review helpful. One StarBy Cliente de KindleNot minimalist, but squalid.1 of 1 people found the following review helpful. Concise and funny, reads like legal one liners.By Neal E. MarshadThis is the way all law books (and contracts) should be written: concise and in plain language. Great read for anyone considering a legal action. Really enjoyed it!0 of 0 people found the following review helpful. Civil Law in America, A Minimalist Law BookBy Jane JonesMy thanks to Mr. Larry A. Berglas and Goodreads First Reads for my copy of Civil Law in America, A Minimalist Law Book.Civil Law in America, A Minimalist Law Book is exactly what the title says. Each page takes a term and gives some information about the legal term as related to Civil Law in the

United States. It is more a reference than a guide to our civil law system and I will only use it as a reference, as it was intended. It is short and to the point and in plain and understandable English, unlike most law references.

A creative, concise and simple expression of the law, *Civil Law in America: A Minimalist Law Book* is an important and unique addition to the vast library of complex law topics and titles. Less than 70 brief pages in length, the book is not a law treatise, casebook, "how to," substantive reference, or primary or secondary law source. Like artwork painted from memory that conveys its subject with only essential lines and gestures, *Civil Law in America: A Minimalist Law Book* thoughtfully provokes on the issues of the law. Inspired by art and music, the book was written for artists, students, teachers, and anyone interested in legal issues. More like songwriting than legal writing, the book provides a spare, lyrical foundation for understanding the law.
