Neil Parpworth : Constitutional and Administrative Law (Check info AND delete this occurrence: |c CTS |t Core Texts Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Constitutional and Administrative Law (Check info AND delete this occurrence: |c CTS |t Core Texts Series):

Constitutional and Administrative Law remains highly popular with undergraduates for its clear writing style, and the ease with which the author expertly guides the reader through the key principles of public law. The sixth edition incorporates all significant new developments in this ever-changing area. Constitutional and Administrative Law includes a range of useful features to help students get to grips with the subject matter. These include extensive further reading suggestions to support additional research, and a large number of self-test questions to help students reinforce their knowledge. Highly praised by students and lecturers alike, this book is a must for undergraduates of all levels.

Online Resource Centre This book is accompanied by an Online Resource Centre, offering the following useful resources:

- Twice-yearly updates, providing easy access to changes and developments in the law.
- Annotated further reading, to help students select the books and journal articles which best suit their needs.
- A selection of web links to support additional research.

from previous edition "An excellent book encapsulating present legal principles within their historical contexts"--Oxbridge Legal "Highly recommended to students and others seeking a clear and comprehensive text"--Aslib Book List

About the Author Neil Parpworth is Principle Lecturer in Law at De Montfort University, Leicester. He has authored a large number of books on Constitutional and Administrative Law, and Environmental Law.
