I can still hardly believe a carrier company could be this SLOW, for a moment I thought I was living in 1716.By CustomerThis book is in quite good condition. But the logistics was incredibly, amazingly, epically,

unbelievably, magically, astonishingly, horribly and etc... SLOW. Though having known the USPS could be very slow in the US, it still shocked me. If you want to buy the book, make sure you place the order at least half an month in advance. 0 of 0 people found the following review helpful. really love this came with an access code also
