Suparna Goptu : Cornelia Sorabji: India's Pioneering Woman before purchasing it in order to gage whether or not it would be worth my time, and all praised Cornelia Sorabji: India's Pioneering Woman:

This is the biography of Cornelia Sorabji, who although was not the first Indian woman to be called to the English Bar, was a pioneer who tried to open the legal profession to women much before they were formally allowed to plead before the courts of law.

"This innovative...personal life...is described and analysed with a compassionate scholarship, and illuminates many themes in the social and political history of India in the late nineteenth and early twentieth centuries... It should become a significant source for students, scholars and readers who want to go beyond simple generalizations and explore the many ambiguities of 'belonging' in late colonial India." --Judith M. Brown, Balliol College, Oxford" ...an extremely important contribution to the history of modern India and gender history. This biography of a pioneer unfolds the unavoidable tragedy of an exceptional life. Fighting patriarchy and opposed to the main strand of Indian nationalism, this...woman lawyer of India struggled in a hostile world to fight for the legal rights of purdah ladies. [This] beautifully written study reveals the bitterness of her struggle and establishes her...as an uncompromising champion of women's rights." --Tapan Raychaudhuri, Emeritus Fellow, St. Antony's College, Oxford

About the Author
Dr. Suparna Gooptu is a Reader in the Department of History at the University of Calcutta. She is also the Director of Calcutta University's Gandhian Studies Centre.
