Charles J., Jr. Johnson, Joseph McLaughlin : Corporate Finance and the Securities Laws before purchasing it in order to gage whether or not it would be worth my time, and all praised Corporate Finance and the Securities Laws:

Written from a unique "transactional" perspective, this best-selling classic-now in its Second Edition-contains in one volume everything you've always wanted to know about doing deals, structuring them, shepherding them through the regulatory process, keeping them out of trouble, and getting them closed. A one-stop source of financial transaction acumen, written by two experts, the completely up-to-date 2nd edition covers in depth all the latest developments in the law of corporate finance. It contains an entirely new chapter on asset-based financing as well as comprehensive coverage of: * New Regulation M governing market activities during distributions * New innovative financial products, including Trust Originated Preferred Securities and Off-Balance Sheet Monitizations * The hybrid rules adopted by the CFTC in 1993 * The impact of Rule 144A on the private placement market * New developments in the laws relating to liabilities for false or misleading disclosure documents. * The impact of rapidly expanding global markets
