Don Philpott : Critical Government Documents on Law and Order (Critical Documents Series) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Critical Government Documents on Law and Order (Critical Documents Series):

Critical Government Documents on Law and Order reviews of many law and order issues facing us today. The book does not offer any new science nor attempt to take sides. It is, however, an attempt to gather together information from

as many sources as possible so that you, the reader, don't have to. It presents arguments for and against the issues covered so that the reader can come to his or her own conclusions. Areas covered include the threat from domestic and international terrorism and the growth of extremist militias, the increase in school place and workplace violence, relationships between police and the public, and how people can protect themselves from being victims of crime. About the Series: The Critical Documents Series looks at critical issues of our times. It provides non-partisan information with no spin about critical players, events, and information from and about Washington from as many sources as possible from scientific journals and government reports to political manifestos and lobby group publications. It presents arguments for and against the issues covered so that you the reader can come to your own conclusions.

Critical Government Documents on Law and Order reviews of many law and order issues relevant to our current national issues. This extensive volume. . . [is] an impressive attempt to gather together information from as many sources as possible so that the reader doesn't have to. Critical Government Documents on Law and Order presents arguments for and against the issues covered so that the reader can come to their own conclusions. Areas and issues covered include the threat from domestic and international terrorism and the growth of extremist militias; the increase in school place and workplace violence; relationships between police and the public; and how people can protect themselves from being victims of crime. Enhanced with the inclusion of eleven pages of Notes, and a ten page Glossary, Critical Government Documents on Law and Order is very highly recommended for community, college, and university library Political Science collections in general, and Contemporary Judicial Law Enforcement supplemental studies reading lists in particular. (Midwest Book) About the Author Don Philpott has written more than 170 books many on law and order and security issues. For 10 years he was editor of Homeland Defense Journal and for three years was managing editor of International Homeland Defense. He is also the author of the following books: Is America Safe? Workplace Violence; The Workplace Violence Prevention Handbook; Education Facility Security Handbook; School Security; The Integrated Physical Security Handbook; Sexual Assault in the Military; Personal Safety and Security Handbook; Critical Infrastructure Protection; and Special Event Security Planning and Management.
