Diane Holloway Ph.D. : Dallas and the Jack Ruby Trial: Memoir of Judge Joe B. Brown, Sr. before purchasing it in order to gage whether or not it would be worth my time, and all praised Dallas and the Jack Ruby Trial: Memoir of Judge Joe B. Brown, Sr.:

0 of 1 people found the following review helpful. SLIM PICKINGSBy M. TomoryA very so/so book. Not worth purchasing unless you are an avid assassination buff. Better books out there on Jack Ruby.0 of 1 people found the following review helpful. Meh.By Sondra LondonNothing new here. This just seems pro forma. There is so much

more to be revealed. Still waiting for more.8 of 12 people found the following review helpful. Finally we know the truth about Jack Ruby!By Betty StonekingNo serious reader who is interested in the circumstances of the assassination of John Kennedy and the subsequent murder of his assassin, Lee Harvey Oswald, should miss this book which provides valuable insight into the motives of Oswald's killer, Jack Ruby, through the eyes of the trial judge; the statements made by Jack Ruby to the Warren Commission and during the course of Ruby's FBI polygraph examination.Many readers will recall the hysteria which was created by these two murders which occurred in Dallas within 48 hours. Speculation immediately arose and persists today whether Oswald was the sole assassin and whether Jack Ruby killed Oswald to silence him, thereby protecting Oswald's alleged accomplices. There was also speculation that Oswald was the tool of a foreign government and/or whether Ruby was hired by those same interests to silence Oswald.A reading of the Ruby interrogation conducted by Chief Justice Warren and former President Gerald Ford provides the reader with valuable clues to Ruby's motivations. Ruby's testimony appears to be somewhat self-serving, but his insistence on a polygraph to prove his truthfulness is noteworthy and the results are very interesting.The editor drew on her vast research and experiences as a Dallas psychologist to provide the reader with the necessary background regarding the mood of Dallas and in the final analysis, that mood was the key element resulting in the appellate court reversal of the Ruby conviction.

The question of why Jack Ruby killed Lee Harvey Oswald was the central issue of his trial by Judge Joe B. Brown, Sr. With compelling immediacy and exhaustive detail, the judge's memoir is a vital contribution to the quintessential murder mystery of the 20th century. Here for the first time, we get to know what really went on in Ruby's trial and in his mind. Judge Brown had access to previously unpublished facts involved in the "trial of the century", as it was called. His memoir has been combined with the Warren Commission interrogation of Ruby and with Ruby's polygraph conducted by the F.B.I., accompanied by enlightening psychological commentary. With a selection of previously unpublished photographs, this is a brilliant, illuminating new view of the event that has dominated the consciousness of the American public as no other ever has.

About the AuthorThe editor expanded and adapted the memoir of Judge Joe Brown given to her by son, Judge Joe Brown, Jr. Dr. Holloway, retired Dallas psychologist with connections to the JFK assassination, wrote *The Mind of Oswald: Accused Assassin of President John F. Kennedy and Before You Say 'I Quit'?*.
